Trauma Outcomes and Performance Improvement Course®

Thursday, March 2, 2017

Course Overview

Attend an STN TOPIC course designed to meet the unique needs of pediatric providers!

The Society of Trauma Nurses TOPIC course is taught to all members of the trauma system team who participate in the assessment, evaluation and improvement of trauma care. The **Trauma Outcomes and Performance Improvement Course** (TOPIC) is taught in a one-day interactive modular format, customized to best meet the needs of the individual trauma care provider participants who have varying levels of experience with trauma performance improvement. The course offers practical application for all levels of trauma centers, from entry level to mature phase of program development. The modules are taught with a focus on didactic, operational definitions, sample tools, case study examples and take-home points.

The cost is \$350. For more information and to register, go to www.traumanurses.org.
