Invitation

Nursing Colleagues —

Children’s Hospital of Pittsburgh of UPMC is pleased to announce their 2017 PEDIATRIC NURSING CONFERENCE, “Raising the Bar: Advances in Pediatric Care”. We are delighted to be hosting this continuing education opportunity to share best practices and network with colleagues from across the country.

As the healthcare landscape continues to undergo significant change, pediatric nurses are positioned to lead initiatives that directly impact patient outcomes. Nurses are challenged to implement best practices to deliver the highest quality of patient care while assuring the best patient/family experience in the most cost-effective manner. The conference allows pediatric nurses to share creative initiatives and collaborations, which I am confident will help lead to improvements in both patient outcomes and experience.

I invite you to register for this unique learning and sharing opportunity and I look forward to meeting you in October.

Sincerely,

Diane S. Hupp

Diane S. Hupp, DNP, RN, NEA-BC

Keynote Speaker

Jennifer Arnold, MD, MSc, FAAP
Jennifer Arnold, MD, MSc, FAAP is originally from Orlando, FL. She completed her undergraduate degrees in Biology and Psychology at the University of Miami in Florida. She then completed her medical degree at Johns Hopkins School of Medicine in Baltimore, MD and graduated in 2000. She attended a Pediatric Residency Program at Children's Hospital of Pittsburgh. During her fellowship in neonatology, she obtained a Master's of Science in Medical Education from the University of Pittsburgh. She is Board Certified in both Pediatric and Neonatal Medicine.

Dr. Arnold has been involved in simulation education for the last 7 years. She was a NIH postdoctoral scholar at the University of Pittsburgh School of Medicine’s Safar Center for Resuscitative Medicine from July 2006-July 2007 (NIH Training Grant # T32 HD40686). Prior to coming to Texas Children's Hospital, Dr. Arnold completed a randomized controlled trial evaluating the effects of a simulation-based training program on pediatric resident neonatal intubation success and competency.

She has spoken both nationally and internationally on healthcare simulation education and has made numerous speeches for avenues such as the Texas Conference for Women, Shriners Hospital, March of Dimes and many more. She has received numerous awards including the Ray E. Helfer Award for innovation in medical education from the Academic Pediatric Association, Compassionate Doctor Recognition in 2010, 2011 and Patients' Choice Award for 2008, 2009, 2010, and 2011 from Vitals.com. She is an active member of the American Academy of Pediatrics, Academic Pediatric Association, Society for Simulation in Healthcare and is on the Education Council for the National Association of Children's Hospitals and Related Institutions (NACHRI). She received her bachelor degree from University of Miami, a Masters of Education from University of Pittsburgh and her medical degree from Johns Hopkins University School of Medicine and is now the Medical Director of a state-of-the-art simulation center at Texas Children's Hospital.

She stands at just 3 foot 2 and has a rare type of dwarfism called Spondyloepiphyseal Dysplasia Type Strudwick (which involved more than 30 surgeries). Dr. Arnold and her husband Bill (and their children Will and Zoey) are featured on TLC's docu-drama, The Little Couple, which follows their personal and professional lives and is now in its 8th season! She has also appeared on television programs including Oprah, The Today Show, GMA, Dr. OZ, The Doctors, Wendy Williams, Anderson Cooper and CNN among others.

The show has also proven to be an invaluable method to break down barriers and educate people around the country about people with disabilities. Dr. Arnold and her husband Bill recently embarked on their greatest adventure yet… parenthood.

BIG CITY AMENITIES, SMALL-TOWN FRIENDLY.

That’s Pittsburgh. With a breathtaking skyline, sparkling clean rivers, magnificent architecture, and a LEED-certified children’s hospital, Pittsburgh is a city where it all comes together.

Named one of the country’s best arts cities, conference attendees can see a wide variety of art from the Andy Warhol Museum to the offerings at the Carnegie Museums of Art and Natural History.

Seven downtown theaters present performances by the world-class Pittsburgh Symphony Orchestra, Pittsburgh Ballet Theater, Broadway Series and Pittsburgh Opera, while the city’s jazz legacy is preserved at the August Wilson Center for African American Culture.

Downtown restaurants, shops, ballparks, and casino are easily accessible on foot or on the “T,” a free underground rail system that is within the central business district. Shopping is convenient and a bargain, as there is no tax on clothing in Pennsylvania.

Conference attendees can jog along paved, tree-lined paths along the rivers; or, cross the Monongahela River to Station Square, a short walk over one of Pittsburgh’s many bridges, a riverfront site featuring a collection of over 60 shops and restaurants.

Visitors can experience the city’s beautiful skyline on board a riverboat tour or ride the Duquesne Incline to one of the many restaurants overlooking the city at the top of Mount Washington to experience firsthand what USA Today Weekend magazine named as one of the most beautiful views in America.
ACCOLADES

CHILDREN’S HOSPITAL OF PITTSBURGH OF UPMC is consistently at the forefront of advanced patient care, biomedical research, and medical education. The hospital’s international reputation for high-quality clinical services is complemented by its commitment to the practice of family-centered care. These, along with factors that range from excellence in nursing care to advanced technology, have led to prominent awards and prestigious national recognition — a few of the more noteworthy are listed below.

Recognized by U.S. News & World Report as one of “America’s Best Children’s Hospitals” for 2017-18 Honor Roll

In 2017, Children’s Hospital of Pittsburgh of UPMC earned Magnet Recognition from the American Nurses Credentialing Center. Magnet is the highest honor an organization can achieve for excellence in nursing.

Named one of the “Most Beautiful Hospitals” by Soliant Health Care in 2017

Through a strong commitment to finding the best approaches to quality patient care, Children’s Hospital is positioned to support the health and well-being of children now and for generations to come.
