Dear Parent,

Your child has a urinary tract infection (UTI) and has been referred to Alejandro Hoberman, MD, at the Oakland Primary Care Center of Children’s Hospital of Pittsburgh of UPMC. Your pediatrician’s office contacted us indicating that you are interested in participating in the SCOUT study, which evaluates duration of treatment for children with UTI and its impact on antimicrobial resistance.

Dr. Hoberman will call to discuss the SCOUT study and answer your questions about participation. If you choose to enroll your child in the study, we will see you and your child at your convenience. Dr. Hoberman will also keep your child’s doctor informed of his or her progress.

To assist you in finding our offices, directions to the Oakland Medical Building appear on the next pages. When you arrive, please park on the right side at the Purple “P” (past Arby’s). There is no parking fee.

If you need help with directions, please call the UTI Center at 412-692-UTIS (8847), or call Diana at 412-692-6717 or Dr. Hoberman at 412-999-3277.

When you arrive:
• Enter the side door off the parking lot.
• Go through the second door.
• Turn right.
• Proceed through the third door (you are on the G floor).
• Take the elevator to the first floor.
• Turn right into the registration area.
• Give your child’s name to the registration clerk.

We look forward to meeting you and your child.

Sincerely,

Alejandro Hoberman, MD
